

**ASSOCIATED STUDENTS OF COLORADO STATE UNIVERSITY
FORTY-THIRD SENATE
XVIII SESSION
February 5, 2014**

**RESOLUTION #4303
Recommendation for the Proposed CSU Transfort Service Enhancements**

SPONSORED BY: Scott Ricketts, Senator, Business; Andrei Gurau, Senator, CVMBS; Taylor Hill, Associate Senator, Business; Kohl Webb, Senator, Business; Derrick Murray, Director of Web and Graphic Design; Sam Block, Executive Director of Environmental Affairs; John Stockley, Chief of Staff; Kyle Gruenhagen, Senator Natural Resources; Thomas Miltenberger, Senator Intra University; Samuel Laffey, Senator Liberal Arts; Brandon Earle, Senator, Engineering

WRITTEN BY: Kwon Yearby

ENDORSED BY: External Affairs Committee

WHEREAS: ASCSU manages the contract with *Transfort*, the provider for Colorado State University's mass transit services.

WHEREAS: Transfort has proposed enhancements in the services they already provide and some additional new service options such as:

- Enhancement of Route 11 [Cost: \$90,000]
- New Foothills Connection [Cost: \$130,000]
- New VTH Campus Connection [Cost: \$110,000]
- On Campus Shuttle [Cost: \$430,000]

WHEREAS: Any cost increases in the ASCSU/Transfort contract will create an increase in the ASCSU student fee which will financially affect every fee paying student.

THEREFORE BE IT HEREBY RESOLVED

That the ASCSU Senate recommends the "Enhancement of Route 11" because it would decrease congestion and increase the speed and the promptness of the route serving students to the CSU campus.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That the ASCSU Senate recommends the creation of the "New Foothills Connection" because it would service students to the Foothills Campus who need a primary or alternate mode of transportation.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That the ASCSU Senate recommends the creation of the “New VTH Campus Connection” because it would service students to the VTH Campus as well as student housing south of main campus who need a primary or alternate mode of transportation.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That the ASCSU Senate recommends the creation of the “On Campus Shuttle” if the proposed route is subject to comprehensive student input and evaluation to determine the most optimal route for all students.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That it is **strongly recommended** that negotiations establish a semi-annual cost benefit analysis for each component of the aforementioned transportation changes.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That the ASCSU Senate requests that the branding process for the “On Campus Shuttle” include the ASCSU logo.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That the ASCSU Senate requests that every effort be made to achieve a fee increase for the students that is equal to or lower than the fee increase that is indicated as desirable by the transportation student voice survey.

THEREFORE BE IT HEREBY FURTHER RESOLVED

That a copy of this legislation be forwarded to Dr. Tony Frank, Colorado State University President; Dr. Blanche Hughes, Vice President for Student Affairs; Aaron Fodge, Alternative Transportation Manager and any other *Transfort* Representatives.
